about me

Looking for design positions with a creative imperative and organizational emphasis. I am looking for opportunities that provide room for growth and promote learning.

Through my time at IU and as a freelancer I gathered a breadth of experiences.

- Proficient in Adobe, Microsoft and programming products
- Experienced in multiple development languages, including HTML, CSS, SQL and Python
- Worked in professional settings, both as an independent contributor and in collaboration
- Prompt, clear and concise communication

experience

The Greeley Tribune

December 2019-Present
Position: Page Design Supervisor

The Greeley Tribune

August-December 2019
Position: Page Designer

Starbucks

July 2011- August 2019
Position: Shift Supervisor

Freelance Graphic Designer

May 2017- August 2018

Leadership and Interaction Style

Develop trust with my teams by demonstrating thorough knowledge of the systems in use, and setting the standard expectation for work ethic and collaboration.

Professional Responsibilities

Work with a team of designers and reporters to ensure quality newspaper layout, design and written content for each issue of the Greeley Tribune.

As the Page Design Supervisor I oversee and support the Page Designers during their daily workload. My role is not only to be a designer, but to be a flexible problem solver.

Web Experience

Web/mobile design, database management, and user experience design. Possess foundational skills to adapt to new coding languages quickly.
